Mr. and Mrs. Hanson will be at home after May 10 at No. 515 Harvard avenue.

When a medicine must be given to young children it should be pleasant to take. Chamberlain's Cough Remedy is made from leaf sugar, and the roots used in its preparation give it a flavor similar to maple syrup, making it pleasant to take. It has no superior for colds, croup and whooping cough. For sale by all dealers.

Anxious parents who see their daughters fail in strength, become pale and languid can be certain that the cause of their anxiety is the condition of the growing girl's blood.

At no time in her life does a woman stand in greater need of pure red blood, and the strength which it alone can give her, than when she is developing into womanhood. It is then that any inherited tendency to anemia, chlorosis, or green sickness, needs only the slightest encouragement to rapidly develop. This it too often receives for not all girls can take the proper care of their health, but many are confined within doors, are overworked, do not have enough nourishing food, and are depressed by worry and cares. All of these conditions quickly impoverish the blood and are among the most common exciting causes of sickness in growing girls.

If at any time during her development a girl finds her strength is failing and she is becoming pale and nervous, has no ambition and is languid, it is a certain sign that her blood is failing to meet the demands made upon it, because it is impure and thin.

To insure perfect development and health, steps must be taken at once to strengthen the system by building up and purifying the blood. Dr. Williams' Pink Pills do this so well and have cured so many cases of chlorosis and anaemia that they may justly be called a specific for these common diseases of girlhood.

Mrs. J. B. Seton of No. 1122 Jasper avenue, Joplin, Mo., in telling how Dr. Williams' Pink Pills cured her of chlorosis, proves the worth of this blood-building medicine. "I was pale and very delicate as a girl," she says, "and had to quit school. Chlorosis developed and my health was so bad that I suffered for two years. I was thin and lost in weight. I was tired out all of the time, had no ambition and every month would be miserable. I had such terrible headaches that I thought I would go crazy. My stomach was out of order and my appetite was poor. My health became worse all of the time. I was treated by several different doctors and all of them said I had chlorosis or green sickness. I did not get any relief from their treatment and my mother finally became discouraged at their failure to help me and had me try Dr. Williams' Pink Pills. I could see a quick change for the better and gained rapidly until I was cured. I am strong and healthy and do all of my work. I always have a good word to say for Dr. Williams' Pink Pills."

Mothers should make certain of their daughters' health by beginning the use of Dr. Williams' Pink Pills at the first sign of impoverished blood. Further information about chlorosis and anaemia is given in the booklet, "Building Up the Blood," which will be sent free upon request. Dr. Williams' Pink Pills are sold by all druggists, or will be sent, post paid, on receipt of price, 50 cents per box; six boxes for \$2.50, by the Dr. Williams Medicine Company, Schenectady, N. Y.

MISS DILLS AGAIN TO JOIN GARRICK STOCK
Miss Margaret Dills has been re-engaged by the Garrick management and will take her place again in the Garrick company next week in support of Max Fagan in "The Substitute."
Miss Dills' friends and admirers will be glad to learn that, during the week of May 5, she will be given the best opportunity to prove her ability that she has had since joining the Garrick company, when she will play the part of Kitty in "The Marriage of Kitty," which will be the Garrick production during that week.
Added local interest attaches to the Garrick's production of "The Marriage of Kitty" because of the fact that as a curtain raiser for the play, the Garrick management has arranged to present, for the first time on any stage, Martin Royce Palmer's playlet, "The Danger Signal," in which, also, Miss Dills will be entrusted with the leading role.
Now is a good time to begin taking Hood's Sarsaparilla, the medicine that cleanses the blood and clears the complexion.
